CommEar® Comfort  
Radio Communication  
Earpieces

- ▶ Open, smooth-stem design fits most people
- ▶ Directs radio transmissions directly into ear canal
- ▶ Allows hearing of ambient sounds and conversations
- ▶ Ergonomic shape and soft, durable polymer provide all-day comfort and extended product life

MD  
RIGHT

CommEar® Comfort earpieces funnel radio transmissions directly into the ear for clear, covert hearing. Their open design doesn't block the ear canal, allowing for the hearing of ambient sounds and conversation—without compromising directional hearing. Made in the U.S.A. from a soft, hypoallergenic polymer, EP1s' ergonomic shape ensures a snug fit and makes them comfortable enough for extended use. And their low-profile design means they can be worn under a hat, helmet, headset, or mask—even while using the phone.

#### EP1 INSTALLATION

- Insert elbow connector of radio communication sound tube into exterior hole of EP1 earpiece and push in until snug.

- Drape sound tube over the back of ear and insert stem of EP1 earpiece into ear canal. Fit half-round earpiece helix to the natural contour of the concha surrounding ear canal.

- Some wearers prefer to use a "rotation" insertion, starting with a slightly forward orientation, then rotating the earpiece backward while inserting, ending up vertically aligned and locked into place.

#### CLEANING AND PRODUCT LIFE

EarPro earpieces should last from 3 to 6+ months, depending on usage and care. Clean with mild soap and water or alcohol swabs and allow to air dry. Replace when they become stiff and hardened.

Do not leave or store your EarPro earpieces in direct sunlight. If exposed to salt water, rinse with fresh water and allow to air dry.

**⚠ WARNING:** Improper fit of this device will reduce its effectiveness. Consult instructions for a proper fit. Failure to follow instructions could result in hearing loss and/or injury. EP1 CommEar® Comfort earpieces fit most people; however, no hearing product fits everyone. If proper fit cannot be achieved following instructions, discontinue use.

#### EARPRO BY SUREFIRE WARRANTY

EarPro by SureFire warrants this product to be free from defect in workmanship and materials for a period of 90 days from the date of purchase. At our discretion, we will repair, replace, or refund your original purchase price of this product if it is determined, by us, to be defective. Damage resulting from abuse, neglect, or altering this product from its original state is not covered.
